Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This location already has a large amount of traffic, especially at school pick up and drop off times as the primary school is very close. There are often near misses or accidents. The water supply to the village can barely support the houses already built, there are frequent outages and also drops in power and Internet so clearly the infrastructure cannot supply more

houses without increasing outages.
The high street of the village is already busy and full of cars,
parked or travelling through,
it cannot support further local housing.
There has already been a new estate built just the other side of
the school, we shouldn't be taking over another green space with
housing.

Kind regards
