Reasons for comment:	
Comments:	I played in this field as a kid and over 3 decades I have walked through it. This field is part of the green belt and has been used for many years for people to walk in to get some peace away from the ever growing town of Haywards Heath. People walk here and bring their children. Kids go down to the cycle track in the woods and learn about wildlife in the stream.

This field is part of our community and is what contributes to the quality of our lives.

I strongly object to house being built in the field.

Kind regards
