Reasons for comment:	
Comments:	I strongly object to this housing proposal. It is extremely precious as one of the last open green spaces within the town of Haywards Heath. My young family and I use it once or twice a week for exercise and walks in nature. It is a key and popular area for the community and so important for mental health. I also worry about the loss of habitat for animals ,which we often spot around , and loss of character for the historic buildings near by. The areas around these fields have already been built upon in recent years, we cannot lose this. It would be such an enormous loss.

As a close by neighbour, I am also concerned by the added traffic and pressure on local schools which I know have limited places and in addition to this, local GP surgeries, which I know are under pressure too.

Kind regards
