MID SUSSEX DISTRICT COUNCIL

DM/24/3033

**Hollybush, Standen, West Hoathly Road, East Grinstead, West Sussex, RH19 4NE,
Installation of an electric vehicle charger
Mr Peter Thorne**

SUMMARY OF REPRESENTATIONS

None received

SUMMARY OF CONSULTEES

N/A

TOWN/PARISH COUNCIL OBSERVATIONS

East Grinstead Town Council- No comment.

INTRODUCTION

Hollybush is a Grade II listed dwelling, converted from part of a courtyard of former farm buildings located to the north of Standen House (Grade I listed), which is located in a rural position outside East Grinstead. The current proposal is for the addition of an EV charging point to the eastern elevation of the building, to an extension dating from the 1980s.

RELEVANT PLANNING HISTORY

None relevant.

SITE AND SURROUNDINGS

Hollybush is a Grade II listed dwelling, converted from part of a courtyard of former farm buildings located to the north of Standen House (Grade I listed), which is located in a rural position outside East Grinstead. Standen House, which was constructed in 1892-4, was built adjacent to the former farmhouse of the farmstead, which was retained as an annexe to the new house, and is now Grade II listed (5 and 6 Standen Cottages). The farm courtyard was also retained, although altered and extended, at this time. This complex of buildings is set within a registered park and garden.

APPLICATION DETAILS

The proposal is for the installation of an EV charging point to the east elevation of the building, to a 1980's extension.

LEGAL FRAMEWORK AND LIST OF POLICIES

Planning legislation holds that the determination of a planning application shall be made in accordance with the Development Plan unless material considerations indicate otherwise.

Using this as the starting point the development plan for this part of Mid Sussex consists of the District Plan, Site Allocation Development Plan Document (DPD) and the East Grinstead Neighbourhood Plan.

National policy (which is contained in the National Planning Policy Framework and National Planning Policy Guidance) does not form part of the development plan, but is an important material consideration.

Mid Sussex District Plan

The District Plan was adopted at Full Council on 28th March 2018.

Relevant policies:

DP34 Listed Buildings and Other Heritage Assets.

Site Allocations DPD

The SADPD was adopted on 29th June 2022. It allocates sufficient housing and employment land to meet identified needs to 2031.

There are no relevant policies.

Neighbourhood Plan

The East Grinstead Neighbourhood Plan was made on 2 November 2016.

Relevant policies:

EG4 Designated and Non-Designated Heritage Assets

Other Legislation

Planning (Listed Buildings and Conservation Areas) Act 1990

Other Material Considerations

Mid Sussex District Plan 2021-2039 Consultation Draft

The District Council is reviewing and updating the District Plan. Upon adoption, the new District Plan 2021 - 2039 will replace the current District Plan 2014-2031 and its policies will have full weight. In accordance with the NPPF, Local Planning Authorities may give weight to relevant policies of the emerging plan according to the stage of preparation; the extent to which there are unresolved objections to the relevant policies; and the degree of consistency of the relevant policies in the emerging plan to the NPPF. The draft District Plan 2021-2039 (Regulation 19) is currently at Examination and stage 1 hearings were concluded on the 31st October 2024. There are unresolved objections to the majority of Policies in the draft District Plan and as such, only minimal weight can be given to the Plan and this planning application has been assessed against the policies of the adopted District Plan.

Relevant policies:

DPB2 Listed Buildings and Other Heritage Assets

Mid Sussex Design Guide Supplementary Planning Document (SPD)

The Council has adopted a 'Mid Sussex Design Guide' SPD that aims to help deliver high quality development across the district that responds appropriately to its context and is inclusive and sustainable. The Design Guide was adopted by Council on 4th November 2020 as an SPD for use in the consideration and determination of planning applications. The SPD is a material consideration in the determination of planning applications.

National Planning Policy Framework (NPPF) (December 2023)

Paragraphs 210, 212-215 of the NPPF are relevant and state that:

'210. In determining planning applications, local planning authorities should take account of:

- o the desirability of sustaining and enhancing the significance of heritage assets and putting them to viable uses consistent with their conservation;*
- o the positive contribution that conservation of heritage assets can make to sustainable communities including their economic vitality; and*
- o the desirability of new development making a positive contribution to local character and distinctiveness.*

Considering potential impacts

212. When considering the impact of a proposed development on the significance

of a designated heritage asset, great weight should be given to the asset's conservation (and the more important the asset, the greater the weight should be). This is irrespective of whether any potential harm amounts to substantial harm, total loss or less than substantial harm to its significance.

213. Any harm to, or loss of, the significance of a designated heritage asset (from its alteration or destruction, or from development within its setting), should require clear and convincing justification. Substantial harm to or loss of:

- a) grade II listed buildings, or grade II registered parks or gardens, should be exceptional;*
- b) assets of the highest significance, notably scheduled monuments, protected wreck sites, registered battlefields, grade I and II* buildings, grade I and II* registered parks and gardens, and World Heritage Sites, should be wholly exceptional.*

214. Where a proposed development will lead to substantial harm to (or total loss of significance of) a designated heritage asset, local planning authorities should refuse consent, unless it can be demonstrated that the substantial harm or total loss is necessary to achieve substantial public benefits that outweigh that harm or loss, or all of the following apply:

- a) the nature of the heritage asset prevents all reasonable uses of the site;*
- and*
- b) no viable use of the heritage asset itself can be found in the medium term through appropriate marketing that will enable its conservation;*
- c) and conservation by grant-funding or some form of charitable or public ownership is demonstrably not possible; and*
- d) the harm or loss is outweighed by the benefit of bringing the site back into use.*

215. Where a development proposal will lead to less than substantial harm to the significance of a designated heritage asset, this harm should be weighed against the public benefits of the proposal including, where appropriate, securing its optimum viable use.'

Section 16 (2) of the Planning (Listed Buildings and Conservation Areas) Act 1990 states:

'In considering whether to grant listed building consent for any works the local planning authority or the Secretary of State shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses.'

ASSESSMENT

District Plan Policy DP34 will be relevant, and states in part that:

'Development will be required to protect listed buildings and their settings. This will be achieved by ensuring that:...

- Alterations or extensions to a listed building respect its historic form, scale, setting, significance and fabric...'*

The proposed EV charging point is modest in size and will be attached to a modern extension to the original building, so that the impact on the appearance of the building will be limited, and historic fabric will not be affected.

The proposal is therefore considered to preserve the special interest of the listed building and the character of the registered park and garden, meeting the requirements of District Plan Policy DP34 and the relevant paragraphs of the NPPF.

PLANNING BALANCE AND CONCLUSION

It is recommended that listed building consent is granted.

Decision: Permission

Case Officer: Emily Wade
