

TYPE OF APPLICATION: TPO

OUR WORKS REFERENCE: 420583

ADDRESS/LOCATION OF WORKS: London Road, Hassocks, BN6 8PN

W3W: bathtubs.fiction.vows

DESCRIPTION OF WORKS:

Our company (Traffic Control 123 Ltd) work on behalf of Enerveo, cleaning necessary street lights and signs of trees/foliage, so as to allow access for maintenance/repair, as well as to maintain public safety.

We have been instructed to clear the street column number 29, located along London Road.

We need to trim the trees surrounding the column, at a 60 degree angle from the light head itself, so that light is able to reach the road below and maintain public safety. We will also need to clear the lighting head by 1m.

I have provided the following details along with site photos taken to highlight the works that are required.

I can see from the council map, that the trees we are required to cut, are affected by a TPO. I am therefore applying for permission to cut a small portion of the branches on these trees.

TPO NUMBERS (IF KNOWN): CN/02/TPO/90

TREE SPECIES AFFECTED: HAZEL & ASH

Cutting area marked in yellow:
