Subject: DM/25/2478 :Planning Application No.

[REDACTED]

I cannot comprehend why the Town Council Planning committee would even consider this application, based on the history of planning applications over the last 15-20 years. My understanding is that since the building of the two detached houses in 2007 a third application should never be granted.

The reasons for this still exist today;

[REDACTED]

The possibility of flooding (backed up by WSCC):
The destruction of the environment by the previous developers:
Multiple previous applications and appeals have been rejected:
The difficulty of opening up another driveway onto Wealden Way:
The loss of more green space in an area surrounded by recent building:

The overall objections, in my view should be those of the heritage and environmental value of the site.
