Dear Andrew,

Thank you for consulting the Flood Risk and Drainage Team on the above application.

The application has gone through an initial review. Could the applicant please submit a coloured copy of the Flood Risk Assessment to ensure the application can be fully reviewed.

Following receipt of the flood risk information requested, we shall review and provide further comment on this application.

Receipt of the requested additional information does not mean further information will not be requested, nor does it guarantee that the Flood Risk and Drainage Team will not object to the development. Neither does it prevent the team from recommending a flood risk or drainage condition.

Best Wishes
