Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I wholly support this planning application. These are much-needed improvements that will help create a more functional space for everyone. The upgraded facilities, new insulation, and structural changes will allow the Park Centre to better serve the community and support a wider range of local activities.

The additions like bike storage, accessible landscaping, and improved layout demonstrate care for how people use the space, now and in the future. This is a practical and positive step forward, and I strongly hope the council approves it.

Kind regards
