Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support this application as the tree now needs husbandry after consistent growth for many years. The proposed work will give the applicant and her neighbours more light at the rear of their properties. Although I am a neighbour to the south of No 9 The Poplars this application does not adversely affect my property in any way.

Kind regards
