

SITE VISIT REPORT SHEET

Ref:	DM/24/3060
Site Address:	4 High Street, Hurstpierpoint, Hassocks, West Sussex
Officer:	Andrew Horrell
Date of Visit:	17.01.2025

The Site (Is block plan correct, levels, trees, highways/access, materials?)	
Two storey end of terrace pitched roofed dwelling. Mix of face brickwork, timber cladding and green painted render, timber doors and a mix of timber and upvc windows. Existing rear extension and dormers.	
Adjoining Land (Land use, adj. trees, boundary treatment, materials?)	
North:	Highway
South:	Brick wall to Churchfields parking area beyond
East:	Adjoining No.6 High Street
West:	Brick wall with access to Churchfields

Street Scene (What is the general character like? Would this be sympathetic?)

Mix of styles but similar type of dwelling. Rear of site characterised by garages serving properties in Churchfields, but loss of brick wall would be out of character. Change of cladding visually similar?

Other Comments (Main issues, Neighbour Notification correct, any action required?)

Impact on Conservation Area – app form mentions 1967 application (F/67/646 – Look on microfiche) (prior to conservation area designation)
