[REDACTED]

Dear Anna Tidey,

I would like to make it clear that at no time has [REDACTED] had any legal rights to encroach upon my property with utilities or other.

No certificate that my property was to be used for utilities has ever been legally served upon me.

[REDACTED] also had no legal rights to encroach upon my property with utilities or other for residential purposes

I refer to my objection regarding the latest planning application. Any planning application using my land at this address has been illegally obtained.

I would be grateful for an acknowledgment of this email and the opportunity to discuss the above.

Yours sincerely

[REDACTED]
