## Description of Proposed Works

Please describe the proposed works

18 Ferny Croft is a 3 bedroom dwelling situated in the north-east corner of Bolnore Village. The proposed work is to convert an existing single garage in to storage and a home office room. The garage will be split in to 2 spaces, with an internal wall will being erected to separate these spaces (approximately 2m from the front of the garage). The front storage space will remain accessible from the front of the garage/driveway and the garage door will remain. The home office room will remain accessible from the rear of the garage/back garden and the existing garage back UPVC door will remain. There will be no external changes to the garage.

Has the work already been started without consent?

## Trees and Hedges

☒ No

Do the proposals require any diversions, extinguishment and/or creation of public rights of way?

- ☐ Yes  
☒ No

## Parking

Will the proposed works affect existing car parking arrangements?

- ☒ Yes  
☐ No

If Yes, please describe:

Proposed work will remove 1 parking space. Our 3 bedroom house will retain 1 external parking space on the drive and we have ample off-street parking.

We are aware of Condition 14 of Policy DP21 of the District Plan resulting in our property not benefiting from permitted development rights to convert the garage. We believe any displaced parking will not result in a highway safety problem.

I have submitted Ferny Croft Parking illustration.pdf to illustrate the ample off street parking available.

## Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)\*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

\*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
