**YOUR REF: DM/25/1593**

Dear Katherine,

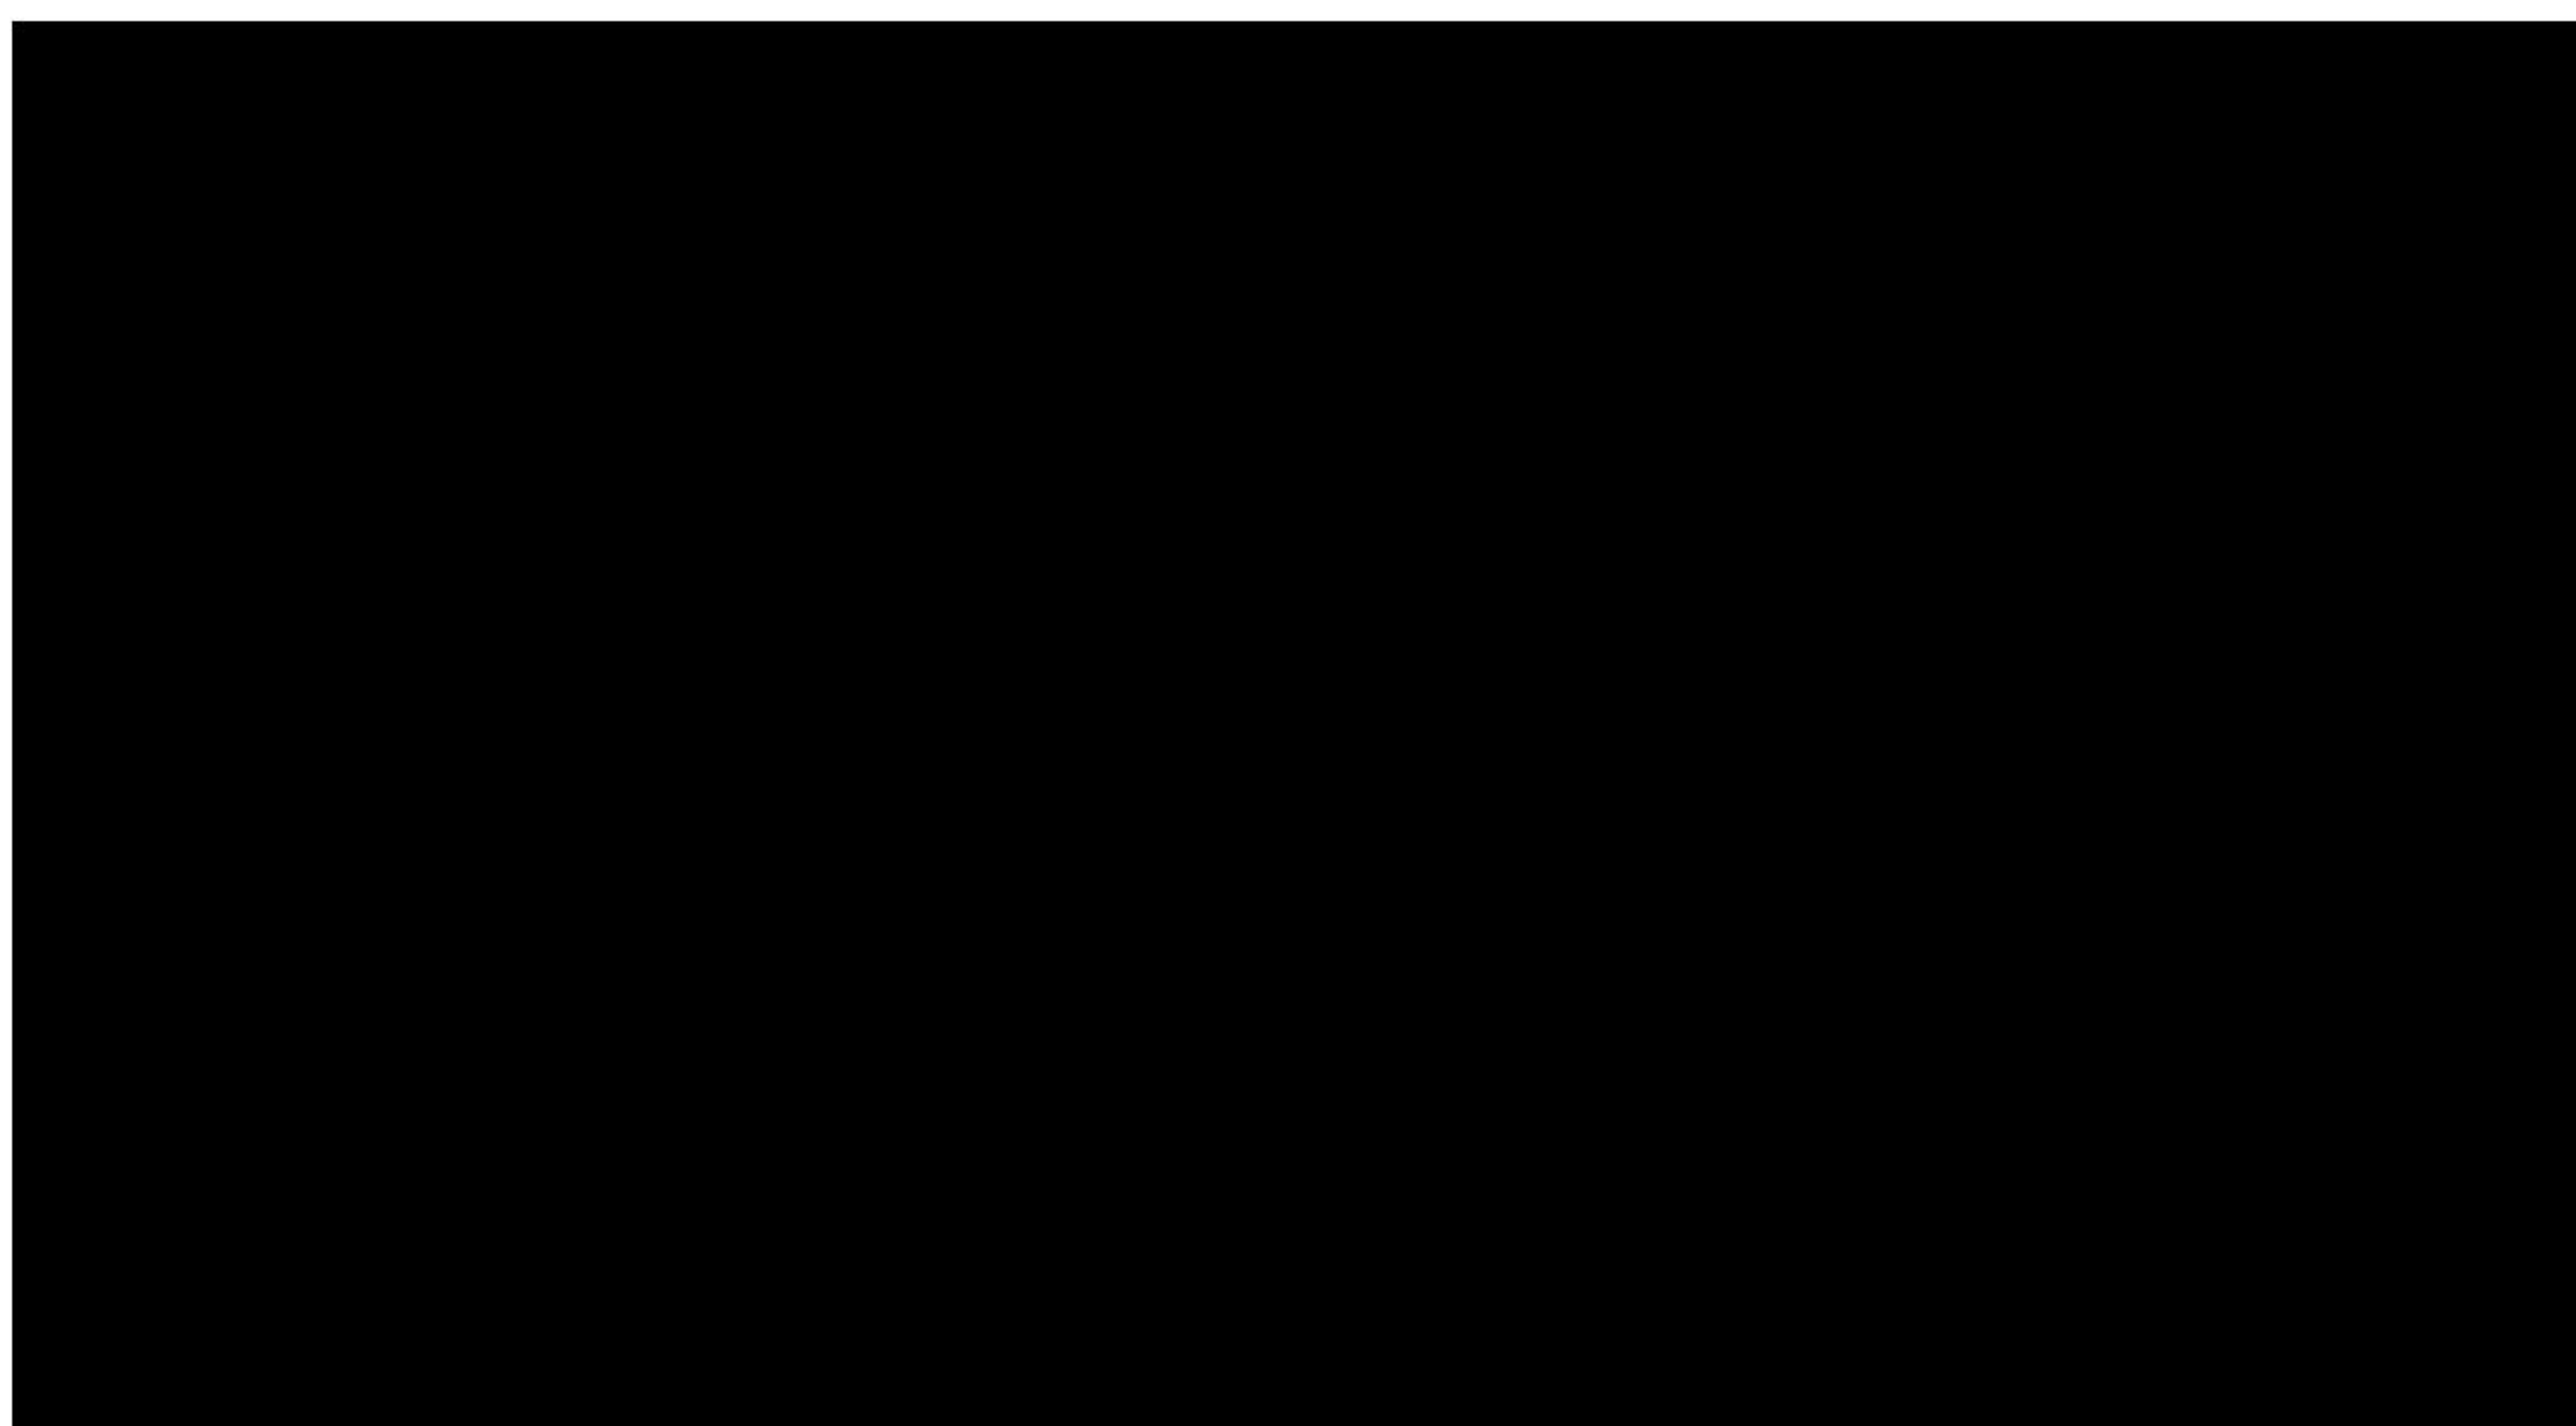

**Woodlands Close and land to the north of Burleigh Lane, Crawley Down. RH10 4JZ**

Further to the various meetings with you and your colleagues regarding the current application. I have pleasure in a revised drawing list and a full pack of those drawings that have been revised together with the revised CGI images. May I please ask you to substitute those drawings that have been amended (as per the drawing substitution list) for those originally submitted. The revisions to the scheme are mainly in terms of the detailing and design of the houses together with landscape, boundary treatment and other alterations that seek to address the points made by the Urban Designer Officer.

I also attach a revised landscape strategy drawing which seeks to address and incorporate the comments that have been made by the landscape officer. Accompanying the landscape strategy drawing is a table which sets out the response of our landscape consultant to the various points made in the landscape consultee response.

You were sent the additional information on drainage in response to the LLFA last week so I think that completes everything on our side that would need to go out to consultation. However, I do believe we are still waiting for ecology comments. Are you able to chase this please.

Yours Faithfully.

Robinson Escott Planning LLP, Downe House, 303 High Street, Orpington, Kent BR6 0NN
