Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	We support this application to reduce the height of the Leyland Cypress tree as it has outgrown its location and is blocking our light. No maintenance has been done on this tree for many years causing it to become overbearing. We support the tree being retained for wildlife but as with all conifers it requires management. Previous applications for work on this TPO tree were approved so we trust that this application will be approved.

Kind regards
