Subject: Application No: DM/26/1402

[REDACTED]
Dear Mr Evans,

I am writing to express my concerns regarding the application submitted by Naked Farm for a Certificate of Lawfulness in relation to the proposed development of a slaughterhouse (the above mentioned Application Reference DM/26/1402).

In my view, the establishment of a slaughterhouse represents a material change in the use of the land from its current use and, as such, should be considered through the full planning process.

As a West Sussex resident, I am very concerned that granting this application without recourse to the full planning process risks limiting the opportunity for public consideration of the proposed development.

I would respectfully ask the Council to give careful consideration to whether this application is the appropriate route for determining the proposal. Should a planning application be submitted in the future, I would welcome the opportunity to review its details and consider its merits before forming a final view. However, at this stage, I believe it is important that local residents and other interested parties have the opportunity to raise any substantive comments or concerns regarding the proposed development.

Kind regards,
