Commenter Type: Neighbour or general public

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments: We live directly on the back of this house. We do not want any windows facing in our property ie on the side of any dormer or any windows really as we bought this house for privacy. Also we do not want any people working on a Saturday or a Sunday as we have autistic family that come over and they are very sensitive to Noise and People also why I am commenting for me this , this will be an absolute eye saw, we do not understand why you would need another room in the roof when you have a great big four

bedroom house and it also doesn't fit in nicely with the whole
estate I don't understand

Kind regards
