

Strip existing roof tiles, battens and guttering, set aside tiles

The diagram shows a cross-section of a house with a gabled roof. The roof is divided into two sections. The upper section, which is the roof of the main house, is covered with red horizontal lines, indicating the area to be stripped of tiles and battens. A line points from the text 'Strip existing roof tiles, battens and guttering, set aside tiles' to this red area. The lower section, which is the roof of a smaller structure (possibly a porch or extension), is covered with grey diagonal lines, indicating the area to be left in place. The house has a chimney on the left and a door with a small porch on the right.

Strip existing roof tiles, battens and guttering, set aside tiles

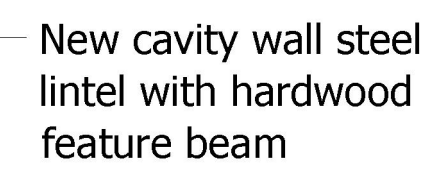

Existing flat roof covering to be removed back to deck including fascia and guttering

- Strip existing roof tiles, battens and guttering, set aside tiles
- Strip existing hanging

Scale: 1:100 @ A1

- Block up old boiler flue opening in rear of fireplace
