Subject: DM/25/1605 - Durstons, Lodge Lane, Bolney, RH17 5RR

Dear Caroline,

I have reviewed the Tree Survey, AIA and AMS for this proposal and have a small query. I think there has been a mistake in the loss of trees section, 2.2.2 states that G2 and T4 will be removed but on the survey, I can see that it states that there is T2 and G4. Presumably, these have been mistaken and there aren't additional trees missing from the Tree Survey Schedule?

Provided that this is the case, then the AMS provides adequate protection for the remaining trees and the removal of the shed up against T7 will only benefit this tree.

I have no objection but please do condition adherence to the AIA, AMS and TPP.

Kind regards

Emma
