[REDACTED]

Dear Mr Swift,

I am writing to voice my concerns over this large development, the 4th approved by your council recently on Hanlye Lane /Ardingly Road.

The fact that there was never a proper public consultation over this-only 6 people turned up at the meeting because it wasn't advertised-[REDACTED]
[REDACTED]

It has been rather presented to us all as a fait accompli, and we poor inhabitants of Cuckfield must now comment to tick your boxes of propriety.

To begin.

I went to the presentation in Cuckfield and thought the houses quite interesting and not unattractive. Unlike that ridiculous development by Sunninghill you allowed on the Court Meadow site.

However, you have all the so called affordable housing at one end near the travellers and not intermixed.

This rural road is already very dangerous with a poor surface and sharp bends, no pavement or bicycle lanes and a greatly increased volume of traffic since the Penland development.

It will certainly have a serious impact on our lives. We came here to live in a village and you are turning Cuckfield into a suburb of Haywards Heath, with this latest intrusion into the countryside.

I am also very concerned about the access so near the roundabout and entrances from a safety point of view.

I should also like to know how the local overstretched schools and medical/dental services are supposed to cope with more people as they cannot manage now.

Yours Sincerely
