Subject: Application No : DM/25/2824 Sainsburys Bannister Way

[REDACTED]

Dear Planning Department

I hope I am not too late with my comments (Apologies -I mistakenly thought I had until the 5/12/25).

I am extremely concerned about the approval of a scissor lift in the service yard as my flat is opposite the service yard and I already struggle to sleep at night (even with my windows closed)due the existing noise levels coming from the yard. In the past when I have contacted Sainsburys concerning the noise levels during the night, I have been told there is nothing they can do. I am unable to have my windows open at night due to the noise which is unbearable in the Summer. The idea of additional noise caused by the lift is very worrying.

I would be grateful if you could leave my personal details off the website to protect me from identity theft.

Many Thanks

Kind Regards
