Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support the trimming of these trees, they are overwhelming the garden of #20, and also overhang my garage, posing a risk of damage to my property. Since the time that the TPOs were applied these trees have grown substantially and are out of proportion with their surroundings and are detrimental to the quality of life in the adjacent properties.

Kind regards
