Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I have seen the adjusted proposals and the wall looks much better. The photos are well selected as my stance would still be that by looking right down either Hurst Road or Wickham Hill there are very few walls and only 1 that stands above 1.8 metres tall. I like the new design, my objection is still about the height. Down Hurst Road another resident was made to reduce the height of his fence. Furthermore at number 44 hurst road they have recently built a wall that stands at 1.5 metres tall. My objection therefore is for the wall to be no more than 1.5 metres high which I think would then help the aesthetics of the road. As previously stated I am

happy with all other planning, just trying to avoid Hurst Road and Wickham Hill looking like Dyke road or parts of greater London. I do like the fact the resident has retained the green bush behind the wall and this will allow for privacy and add to the greenery within the road. Let's keep Wickham Hill and Hurst Road looking natural with the south downs :-)

Kind regards
