7. Details of Planning Application:

Application reference:	DM/24/2704
Date of Decision:	18 November 2025
Description of Application:	Erection of 36 dwellings with access from Oakfield Way along with parking and landscaping

8. Details of Planning Obligation(s) to be Modified or Discharged:

Schedule 4, Clause 1.1 - PathLink scheme

PathLink Scheme is defined as:

PathLink means a new footpath within the Land to provide a connection from the public footpath 1hEG to the far northern boundary of the Site between Plots 12 and 13 as shown on drawing number QVH-AMA-RS-X-DR-A-91-011 as submitted with the Application

PathLink Scheme means a scheme to be approved by the Distirct Council that shall include details of:

- The path connection from the public footpath 1hEG to the far northern boundary of the Site between Plots 12 and 13
- The layout, materials and drainage of the PathLink
- The provisions relating to the timetable for implementation and future maintenance and management of the PathLink
- The signposting/marketing of the PathLink

9. Reason for Modification or Discharge of Planning Obligation(s):

The enclosed drawings show how the requirements of the obligations will be satisfied.

The attached drawings show the location between Plots 12 & 13, and the construction specification including details of levels, materials and drainage. The PathLink will be implemented as part of the whole site's external works / hard landscaping plan as shown on the attached drawing once the dwellings are near completion. Once the development is complete it will be transferred to the partnered Housing Association (Moat) who will have future maintenance and management responsibility of the whole site including the external hard and soft landscaped areas, which includes the PathLink.

In terms of signposting / marking of the PathLink, upon its installation it will not lead anywhere as it relies on the Council to install an extension to footpath 1hEG outside of the Site across Land it owns (under Title WSX455585) that would then connect to PROW 14EG. It therefore makes no sense installing signposts directing new residents (and existing residents) to a dead-end that leads nowhere as this would be confusing. Once the Council is in a position to install the new footpath on its Land north of the Site, it would make sense for a new sign to be installed on MSDC Land at the connection point at the northern boundary, and another sign at the western boundary into the site off Oakfield Way where footpath 1hEG extends into the site.
