| Reasons for comment: |                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Comments:            | <p>The issue of noise pollution is of serious concern. Both the construction phase and the ongoing operation of the workshop are likely to generate sustained noise levels that could negatively affect nearby residents. This includes machinery, vehicle movements, and general activity associated with the workshop. Such disturbances could significantly impact quality of life.</p> <p>Loss of important trees - stated on the planning permission no</p> |

trees need to be removed, however the trees were already removed before planning permission was submitted meaning that we feel the planning permission has been breached. By felling this trees this will cause a decline in the nesting birds and it caused a nuisance with the bonfires which happen to get rid of the green waste. Due to removal of trees this proposed development will not fit in with the natural surroundings

So with both the noise and loss of important trees, this will have a negative impact on the local wildlife surrounding the area, causing them to decline or move away.

---

Kind regards
