Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	He has destroyed boundary between properties. His application is false re mast not being seen. It is 3x higher than his property and seen from my first floor window and from my garden and drive plus my side window. Impacts my signal to my house when I work from home the majority of the time Major safety risk given mast swings precariously and is not retracted as applicant states. We are on the main road and it risks damage to the B road, vehicles and my property. Excessive mast and not required re applicant's job Invasion of my privacy and safety

Kind regards
