Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I wholeheartedly support this application and as a near neighbour living diagonally across the road from Home Cottage, think the work done so far is a brilliant improvement to what had for become a neglected and shabby building. I did at the time commend the builders for such skilful and exemplary work on a wonderful old property that had been for too long an eyesore in this part of the High Street. Taking this into account, I can see no reason not to grant the consent and to include permission for the proposed Car Port at the rear of the property. Churchfields which I am familiar with from

visiting friends who lived for many years in the property at the far end (Culvers) is not that much used and not visible from the High Street. As already shown by the sympathetic and first class improvements carried out already by the owners, this would be a benefit to Conservation especially in keeping cars off the High Street, where much inconsiderate and obstructive parking takes place.

Kind regards
