Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The owners of Home Cottage have significantly upgraded the front elevation of their property whilst staying true to the original design. Regarding a request for a parking bay on their own property, I am exceptionally supportive. The neighbouring property Field House was granted planning permission for 6 flats without any provision for parking and has subsequently become a nightmare. Removing one car off the road

where there is limited parking, would be beneficial for the community.

Kind regards
