Dear council,

Hi, my name is Ellinor. I'm 12 and I live a house near the land you might build on. I know I'm just a kid, but I wanted to share something really important to me before any final decisions.

That land is very special to me. It's where I go to think when I'm upset, where I've played since I was little, and where I've seen sheep, rabbits, birds, and even deer. It's quiet and peaceful, and it's one of the few places nearby that still feels like nature hasn't been forced.

I've even been thinking about starting a small dog-walking business there next year. It's just an idea, but it felt like the perfect spot — safe and calm for the dogs. If it gets built on, that dream will be gone, and the dogs won't have anywhere like it to go either.

I've seen families, dog walkers, and people from all over come to enjoy it too. It brings a lot of joy to more than just our little community.

I know I'm young, but I hope you can see this from my side. That land might just be part of a plan for some, but for me, it's memories, dreams, and a chance to do something good. If there's any way to protect it, I'd be incredibly grateful.

Thank you so much for taking the time to read this.

Sincerely,
