Reasons for comment:	
Comments:	I support this application. I see no reason with the car port as it makes perfect sense on a high street that can be very busy with little spaces for residents and families. This will not affect the look of the property and will continue to help Hurst beauty. With the recent improvements to cladding this makes perfect sense and see no reason why this can not uphold the look and beauty of this great looking house which is being looked after to the highest of specs after being run down for many years prior.

Kind regards
