Comments Details

Commenter Type:	Other type - not listed
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I don't understand why the carport proposal would be declined when a concrete garage was approved in the 1970s. Having worked in Hurstpierpoint, I've seen how the roads are becoming increasingly congested, and I fully support this application. Reducing the number of cars parked on the street is beneficial, especially since as i understand this is a family home that requires parking. The family is utilizing space in their garden responsibly without causing any issues. Additionally, they have made significant improvements to the property's curbside appeal.

Kind regards
