Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Dear Stefen

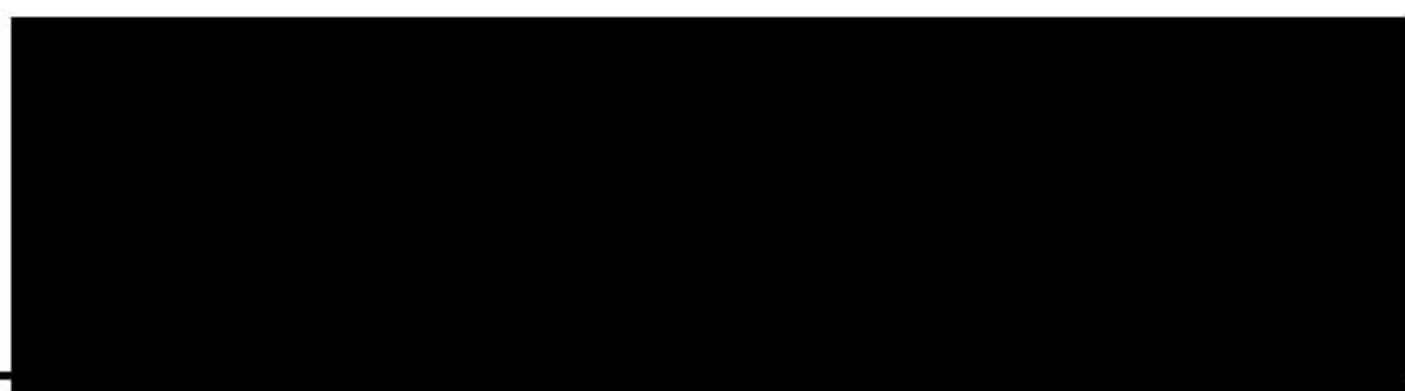

Please could you consider the following comments about the application:

1. All facades should be updated with new materials, including the north facade facing the surrounding residential properties.

2. The new materials proposed are not in keeping with the local area. We think they should be aligned with the other buildings, which are brick and neutral colours. Not grey and corrugated metals.

We think the materials could be easily changed to a more neutral and sympathetic design.

Please consider that the area is mixed use, residential and commercial and the applicable design guides.

Kind regards
