Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposed works comprise the removal of the existing masonry chimney stack located on the attached single-storey kitchen structure forming part of the dwellinghouse.

The stack extends approximately 1.5 metres above the roof slope of a building approximately 3.2 metres in height. The works involve dismantling the chimney stack to roof level and reinstating the roof covering to match the existing materials and profile.

No enlargement, extension, increase in height, increase in footprint, alteration to access, creation of hardstanding, change to means of enclosure, or alteration to drainage is proposed.

The dwellinghouse will remain a single planning unit.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
☒ No

Has the proposal been started?

- ☐ Yes
☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing building forms part of Bee House, a single dwellinghouse (Use Class C3). The dwellinghouse is lawful and has been in continuous residential use. The proposed works relate to the alteration of this existing lawful dwellinghouse.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Existing and proposed elevation drawings
Supporting statement
Photographic evidence of the existing chimney stack

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed works constitute an alteration to an existing dwellinghouse and fall within permitted development rights under Class A, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Permitted development rights have not been removed for Bee House. The proposal does not result in any enlargement, increase in height, footprint, volume or change of use. Confirmation is therefore sought that the proposed development would be lawful.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☐ The agent
☒ The applicant
☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Please state the applicant's interest in the land

- ☒ Owner
