Dear Hamish,

I have reviewed the Arboricultural Impact Assessment (AIA), Arboricultural Method Statement (AMS), Tree Survey, Tree Constraints Plan (TCP), and Tree Protection Plan (TPP) for this proposal and find that provided the measures stated in the AIA, AMS, and TPP are adhered to, trees should be fully protected.
I note the loss of a category B oak, but the replacement planting will mitigate this loss.
Please condition adherence to the AIA, AM, and TPP.

Kind regards

Emma
