### Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Further to recent amendments, the comments stated on 2/7/25 still apply. The amendments do not address any concerns outlined in the objections by neighbours and the general public especially for highway safety and congestion.

Furthermore, I would like to highlight as an additional factor to the intensification of traffic that I forgot to include (please see previous comments), that local business attractions and events draw in substantial traffic from all over Sussex to this area during this time of year Autumn and Christmas.

Therefore this proposal would add to an already struggling road infrastructure and risk the safety of families commuting to the area for such attractions.

---

Kind regards
