Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Further to our other concerns in an earlier comment ... We have a great deal of concern over the size of the extension and what that will mean for our property, especially as it is right up to the boundary. At 4.3 metres deep and 3.78 metres high at its maximum, there is a significant fear that the extension will be overbearing. Not only that, but that the extension will block our light for 26 Grand Avenue and impinge upon our outlook, particularly out of the dining room which will be right next to the extension.

Kind regards
