Subject: 2026.03.31 Response to request for Comments for Planning Application
DM/26/0089

Dear Hamish,

Thank you for your email dated 25.03.2026

The representation letter submitted on 27/01/2026 at 14:54 has been noted and reviewed as part of our assessment of the application.

Having considered the contents of the representation, our consultation response remains unchanged.

The matters raised, regarding surface water management, will need to be addressed in more detail at the condition discharge stage. In particular, the applicant will be required to clearly demonstrate how the exceedance flows are managed and safely routed on site, in accordance with our requirements.

We trust this clarifies our position. Please let us know if you require anything further.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
