Subject: DM/25/0124

Dear Phil

I'm writing with regards to the above conditions discharge application, in particular condition 3 relating to the Construction Management Plan (CMP). In order to discharge the condition, we would need to have details to address the matters that are specified in condition 3. The Construction Stage Health & Safety Plan that has been submitted does not address all the matters that are specified in the condition. The Construction Environmental Management Plan that was submitted in relation to the construction of the club house under reference DM/23/2765 dealt with all these measures, so I'd suggest looking back at this document for the details that would need to be submitted.

If you would like to discuss the above, please let me know.

Regards
