We would like to register our objection to the above application for the development of 50 dwellings on this site.

Our farm entrance is directly opposite the site for this proposed development.

Hanlye Lane is already experiencing very high volumes of traffic as it is a major arterial route and the recent Penlands and Hanlye View developments have substantially increased traffic flow. This causes major issue for ourselves during peak periods, when we are moving farm machinery along this road.

This extra development will also increase pressure on the local infrastructure, regarding doctors/schools/sewerage etc.

Yours faithfully
