MID SUSSEX DISTRICT COUNCIL

DM/25/2839

19 West Street, Burgess Hill, West Sussex, RH15 8NN, , ,
Alterations to the fenestrations at ground floor level to the rear and side elevations. Introduction of a Velux window to the rear ground floor roof slope. Internal wall removal, including chimney breast, at ground floor level between existing kitchen and dining room.
Mr Ben Kirk

REPRESENTATIONS

None received.

TOWN COUNCIL OBSERVATIONS

NOTED.

INTRODUCTION

This is an application for a lawful development certificate concerning alterations to the fenestrations at ground floor level to the rear and side elevations and for the installation of a Velux window to the rear ground floor roof slope.

RELEVANT PLANNING HISTORY

BH/037/85- Dormer roof to rear and kitchen extension. Permission.

SITE AND SURROUNDINGS

19 West Street is a two-storey semi-detached dwelling. It is constructed of red brick, with white and anthracite upvc windows and a plain tile roof.

The property lies in the built up area boundary of Burgess Hill. Neighbouring properties are located to the east, west and south. Highway is located to the north.

APPLICATION DETAILS

The proposed windows would be located on the rear (southern) and side (western) elevations. It is also proposed to install a Velux window in the rear ground floor roof slope.

LEGAL FRAMEWORK

This application is to establish whether the proposed development would benefit from permitted development rights and will be a legal decision; planning merits cannot be taken into account when considering this application.

The proposal will be tested against the relevant criteria of Part 1, Class A and Class B, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), as detailed below:

Permitted Development

A. The enlargement, improvement or other alteration of a dwellinghouse.

Development not permitted

A.1 Development is not permitted by Class A if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);
- (c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;
- (d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;
- (e) the enlarged part of the dwellinghouse would extend beyond a wall which—
 - (i) forms the principal elevation of the original dwellinghouse; or
 - (ii) fronts a highway and forms a side elevation of the original dwellinghouse;
- (f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and—
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, or
 - (ii) exceed 4 metres in height;
- (g)...for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and—
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or
 - (ii) exceed 4 metres in height;
- (h) the enlarged part of the dwellinghouse would have more than a single storey and—
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 3 metres, or
 - (ii) be within 7 metres of any boundary of the curtilage of the dwellinghouse being enlarged which is opposite the rear wall of that dwellinghouse;
- (i) the enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres;
- (j) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would—
 - (i) exceed 4 metres in height,
 - (ii) have more than a single storey, or
 - (iii) have a width greater than half the width of the original dwellinghouse; ..
- (ja) any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (e) to (j);
- (k) it would consist of or include—
 - (i) the construction or provision of a verandah, balcony or raised platform,
 - (ii) the installation, alteration or replacement of a microwave antenna,
 - (iii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or
 - (iv) an alteration to any part of the roof of the dwellinghouse; or
- (l) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

A.2 In the case of a dwellinghouse on article 2(3) land, development is not permitted by Class A if—

- (a) it would consist of or include the cladding of any part of the exterior of the dwellinghouse with stone, artificial stone, pebble dash, render, timber, plastic or tiles;
- (b) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse; or
- (c) the enlarged part of the dwellinghouse would have more than a single storey and extend beyond the rear wall of the original dwellinghouse;
- (d) any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (b) and (c).

Conditions

A.3 Development is permitted by Class A subject to the following conditions—

- (a) the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- (b) any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be—
 - (i) obscure-glazed, and
 - (ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; and
- (c) where the enlarged part of the dwellinghouse has more than a single storey, or forms an upper storey on an existing enlargement of the original dwellinghouse, the roof pitch of the enlarged part must, so far as practicable, be the same as the roof pitch of the original dwellinghouse.

Permitted Development

B. The enlargement of a dwellinghouse consisting of an addition or alteration to its roof.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) any part of the dwellinghouse would, as a result of the works, exceed the height of the highest part of the existing roof;
- (c) any part of the dwellinghouse would, as a result of the works, extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway;
- (d) the cubic content of the resulting roof space would exceed the cubic content of the original roof space by more than—
 - (i) 40 cubic metres in the case of a terrace house, or
 - (ii) 50 cubic metres in any other case;
- (e) it would consist of or include—
 - (i) the construction or provision of a verandah, balcony or raised platform, or
 - (ii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe; ...
- (f) the dwellinghouse is on article 2(3) land
- (g) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses); or
- (h) the existing dwellinghouse has been enlarged in reliance on the permission granted by Class AA (enlargement of a dwellinghouse by construction of additional storeys).

Conditions

B.2 Development is permitted by Class B subject to the following conditions—

- (a) the materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- (b) the enlargement must be constructed so that—
 - (i) other than in the case of a hip-to-gable enlargement or an enlargement which joins the original roof to the roof of a rear or side extension—
 - (aa) the eaves of the original roof are maintained or reinstated; and
 - (bb) the edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2 metres from the eaves, measured along the roof slope from the outside edge of the eaves; and
 - (ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension, no part of the enlargement extends beyond the outside face of any external wall of the original dwellinghouse; and
- (c) any window inserted on a wall or roof slope forming a side elevation of the dwellinghouse must be—
 - (i) obscure-glazed, and
 - (ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

ASSESSMENT

The property's planning history has been checked and household permitted development rights are understood to be intact for the proposed development. The property is not located on article 2 (3) land.

The proposed fenestration on the rear and side elevations would be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse. The proposed Velux window would be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse.

CONCLUSION

In conclusion, the proposed development is deemed to comply with the applicable permitted development criteria as set out within Class A and Class B, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) and therefore a certificate can be issued.
