Customer Details

Address: 14 Drummond Close Haywards Heath

Comments Details

Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I object to the application which I believe lacks sufficient detail in respect of drainage (asserting that surface water will go to a sustainable drainage system which is not shown), car parking (not recognising the loss of the space where the garage was) and access (both routine and for emergency services / construction and maintenance). The design statement asserts that the development will increase the stability of the retaining structure, but provides no geotechnical assessment to demonstrate this or show the impact on wider geotechnical stability, for example affecting the shops. Finally there is no consideration of the

development on the setting of the Grade II* listed church adjacent to the site.

Kind regards
