| Reasons for comment: |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Comments:            | We have been concerned for a while that the trees at Applegarth which sit on the bank facing both Hassocks Road and the Public Right of Way Footpath have not been actively managed for a number of years. During the very wet winter of 2023/24, three of the smaller trees collapsed across the road at various times. We therefore fully support this application, but question whether it goes far enough in the current proposed scope of works. In particular, some of the significant trees towards the western end |

of the site that lean out of the road and the footpath may benefit from a greater level of intervention than appears to be envisaged in the sketch provided.

---

Kind regards
