Commenter Type:	Business or other organisation
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I am in full support of the planning application for the new equestrian proposal at Eastwood Farm. As a professional rider who has represented Great Britain at 5* and Nations Cup level and the trainer of Luca Cullum Cina I

believe this new facility will provide a world class training base for Luca to develop all the necessary horsemanship skills to become a professional in show jumping. With Lucas passion, talent and commitment to the sport, I believe this incredible establishment will facilitate his journey to the top of the sport.

The wider equestrian community will also hugely benefit from this outstanding facility including myself. It is vital for up and coming young riders and horses to be able to work and train in a safe and professional environment which this setting has carefully considered. It will also contribute significantly to the development of equestrian sports in the region, and I look forward to utilizing it for training and coaching opportunities.

I really hope this proposal is a success and look forward to the opportunities it can provide.

Kind regards
