Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This development of a further 125 dwellings in the already over populated mid Sussex area would represent a further drain on under funded local services. The application makes no provision for the increase in demand that these new residents would make on local schools, health care, transportation and water. The environmental impact will also be significant as rare marshland will be lost increasing the risk of flooding on land that already has a history of flooding.

Kind regards
