Dear Hamish,

Thank you for your email dated 4th August 2026.

The abattoir would be available to operate Monday to Friday 8 am to 4 pm. Realistically in the near future the abattoir will operate on only a couple of days per week.

To allow for daily / seasonal operations my clients would consider a condition that can be detailed within a Schedule to a Certificate Of Proposed Lawful Use which restricts "working hours between 8 am and 4 pm on Monday to Friday of all weeks in a calendar year with the exception of those weeks where Easter, Christmas and New Year are within".

If you require any further information please do not hesitate to contact me.

Kind regards
David Hall.

Dear Mr Evans,

I write further to your request for further information on the number of animals to be slaughtered through the proposed abattoir.

Over the last few months Naked Farm has acquired additional farmland. Please find attached an updated plan of the land owned and occupied by Naked Farm. The total land area owned and occupied by Naked Farm is 592 acres (239 hectares).

Once Naked Farm is fully developed the anticipated numbers of livestock to be processed through the slaughter house will be as follows:

50 Cows per annum.

200 pigs per annum.

350 Lambs/hoggets per annum.

30 Goats per annum.

10,000 chickens per annum.

All of the above animals will be home reared on land owned and occupied by Naked Farm.

All carcasses will be transported over their own farmland to a butchery in the estate building complex at the northern end of the estate.

If you require any further information please contact me.

Kind regards

David Hall.
