

Application reference: DM/25/1565

Site Address: 126 High Street, Hurstpierpoint

Site Visit Date: 30.06.25

North – The existing building fronts the pavement edge with a small step up through the existing brick paved arrangement.

South – Rear courtyard with some tree planting to the rear as well as the existing neighbouring rear elevation.

East – The application site forms an end of terrace and is set within the junction between High Street to the north and South Avenue immediately to the east.

West – The remaining terrace stretches out to the west displaying predominantly brick built exteriors.

Streetscene – Largely terraced buildings with brick built exteriors and various shops and services contained to the ground floor level.
