Comments:

I am writing as the immediate neighbour of Mr and Mrs Dougall of Marlow House, 107 High Street Lindfield, to express my full support for their current retrospective listed building consent.

Before the Dougalls purchased Marlow House, the property was unfortunately in a poor condition. In contrast, the transformation they have achieved is remarkable. The house is now a beautifully restored home, that, in my view, significantly uplifts this part of the village.

Throughout the process, the Dougalls have acted with great consideration. They kept us informed at every stage of the works, were always respectful of their neighbours, and demonstrated care for the history and character of the building.

We are delighted with the stunning new rear elevation, which is a huge improvement and has resulted in a reduced footprint. As someone living directly beside them, I can confirm that the development has caused no detriment to us or our property. On the contrary, the improved appearance and thoughtful landscaping have enhanced the immediate environment for all of us.

I hope the Council will recognise the care, investment and integrity the Dougalls have brought to this project, and that they can continue to enjoy their much-improved home.

Kind regards
