Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	There are a huge amount of problems with cars and traffic as it is. This proposal would significantly increase noise and disturbance to a village that has already had a huge amount on increased traffic with other building sites recently.  It is also a National Speed limit before hitting the 30mph zone, and there are significant highway safety concerns.

This is a massive intrusion into the countryside and will affect residents of the village. It will also massively affect our local habitats and wildlife, with extra light pollution.
