Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We already don't not have enough services, ie doctors, dentists, policing, schooling in the village & this development will add to overstretched services. The high street is extremely busy with traffic already some driving dangerously fast this on a very narrow road this will add further traffic & congestion. We experience regular water & electricity outages due to current demand further

housing will make this worse, are you going to tell the prospects owners about this? This will further have an impact on the countryside & wildlife with more habitat being destroyed by this development. The village simply cannot absorb any more people. This is a ridiculous proposal!

Kind regards
