| Comments:            | We object to the Replacement Radio Mast and Antenna at The Lynns Turners Hill Road. Several weeks ago a radio mast was put up and then half was removed presumably to obtain planning permission. It is an imposing industrial looking eyesore mast which is an ugly visual intrusion not a sight you would be expecting in a small garden and it would not fit in the area and village location. It would be very visible from everywhere overshadowing the gardens and houses around. In the bad weather it sways and shudders uncontrollably it conveys instability and danger it is unpleasant to watch in high winds and also |

reflected the bright sunshine. It would be a very depressing and over bearing sight very close to the surrounding gardens and houses. It would impact on the mental health of those neighbours having it in their visual field spoiling the beauty enjoyment and outlook of their gardens and personal space.

---

Kind regards
