| Comments:            | I wish it be known that we OBJECT to this whole planning application to build the proposed 49 homes in what should remain green belt land. We OBJECT to any buildings of houses, buildings or other manmade structures that will cover this area. We strongly wish that it be known that we are 100% against all proposals to develop this land as it should remain an area for the local people to enjoy the countryside, the woodland, the wildlife and the well being that there has always been. If you consider that most people own a car then you have 49 cars. The tarmac to access |

the buildings and the numerous amenity vehicles that service a modern home. For the applicant that has put forward this application we ask that you reconsider and reject a plan that is heartbreaking too so many. I personally know as I lived in the area for over 20 years and spent many wonderful times walking in those fields, enjoying the wildlife and giving me a greater understanding of our green spaces.
